

the MUNIO

Inspired by
Northern nature

To give people back the power of nature, the source from which we all originate but have lost in modern times. To generate warmth and light which emanates from candles with stories.

This was and still is the simple and honest mission with which Elina Cima created the Munio Candela studio and the first collection of candles in 2008. Following the rapid growth in global markets, both sisters Laura and Liene joined the studio which now is a steadily growing family business.

In Latin, Munio Candela means “the most spiritually powerful candle”. Every candle is carefully and lovingly made by hand using only 100% natural soy and rapeseed wax and fragrances.

Northern nature is captured in Munio Candela candles nurtured by Latvian master craftsmen.

They're delicately crafted by women and intended to enjoy by everyone. Including our planet. They're handcrafted in our studio and wrapped up in environmentally friendly packaging. Indulge and let our products bring back nature to your home.

the MUNIO

2008年、Elina Cima により設立。北ヨーロッパの自然豊かな国ラトビア・リガを拠点とするボタニカルキャンドルスタジオ MUNIO。

森や草原に出かけて自生する苔、花、ハーブを手摘みし、材料をひとつひとつ並べてワックスを注ぎ、天然のエッセンシャルオイルや香料を調香して、スモールバッチで高品質なものづくりを続けています。

すべてのキャンドルは、天然の大豆と菜種のワックスと香料のみを使用して、環境に優しいパッケージに包み、丁寧に愛情を込めて手作りされています。

ラトビアの香りと自然が詰まったプロダクトです。
